**TO LEAVE FOR DOUGLAS.**

Orders for Company K of the Eighth Infantry.

Will Proceed at Once to Camp Pilot Butte—Will Protect Chinese Laborers.

Orders were received yesterday by company K of the Eighth Infantry, to prepare at once for departure from Fort Douglas, where it has been stationed since the close of the war with Spain.

The company will go to Camp Pilot Butte, and its duty will be to protect the Chinese laborers at that place in accordance with the terms of a treaty entered into by the United States and China as the outcome of the massacre of Chinese at that place some time ago.

Lieutenant McFarland will be in charge of the soldiers and Lieutenant Linton will accompany him. It is expected that the company will be ready to leave about the middle of the coming week, preparations for the journey having commenced yesterday.

When the slaughter of the foreigners took place excitement ran high and it was feared that should the Chinese continue to seek employment at Rock Springs the offense might be repeated and the government, in response to Chinese requests, might send troops to the front and Rock Springs has been without protection from a repetition of the massacre of last year.
